Subject: Re: Winter salt treatment is degrading Sligo Creek

Hi Elaine,

Thank you for contacting us.

As for city efforts, we have implemented numerous salt reduction measures. Additionally two of our staff have recently completed MDE's Smart Salt Training and certification. I have asked them to review your document to determine further action.

We had exchanged a couple of emails with Dean Tousley to schedule a meeting with FOSC members. Please let us know if you would still like to schedule that meeting.

Regards,

Daryl Braithwaite

Dear Daryl,

Please find attached a letter on behalf of Friends of Sligo Creek regarding current winter salt management programs that are degrading Sligo Creek, and suggestions for improvement to address the challenge of providing safe travel conditions while protecting our freshwater streams.

We look forward to hearing from you on this important issue.

Sincerely,
Elaine Lamirande
President, Friends of Sligo Creek
